# History

**Casa da Criança e do Jovem Amparense is a non-profit civil institution whose mission is supporting young people to have access to better psychopedagogical, professional and citizenship training for the future.**

Casa da Criança was created in 1987 in Santo Antonio do Amparo, Minas Gerais, Brazil, to serve the most needy children and youth. In the mid-2000s, the institution was closed for 10 years without fulfilling its mission. In 2015, motivated by the Painting Contest “O Mundo do Café”, held in late 2014 by Fazenda da Lagoa/Neumann Group (NKG) in partnership with the Neumann Foundation, municipal schools and other local actors, a working group was formed to create and strengthen a platform to support the development of a better future for young people.

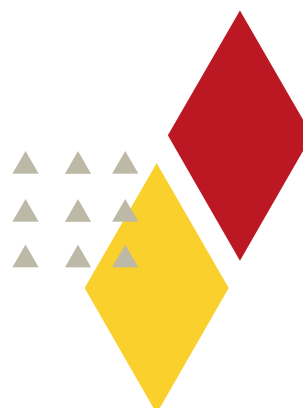

With this mission, the new Casa da Criança e do Jovem Amparense was reopened in October 2016. In the first year (until December 2017), Casa da Criança supported 300 young people and their families with the help of its partners (NKG, Neumann Foundation, SENAR MG, Rural Union of Santo Antônio do Amparo, City Hall, etc).

It offered training courses for professionalization and social activities; created and leveraged sport initiatives such as the Taekwondo Project, the Sports Project and Music Classes; and innovated the coffee sector by creating, in partnership with SENAR MG, the first vocational course for the rural youth in Brazil, focused on training young people to work in coffee mechanization.

In 2018, approximately 400 young people and their families were assisted, and in 2019 there were a total of 876.

Since March 2020 Casa da Criança has been closed due to the COVID-19 pandemic. In April 2021, the return of activities was approved for Taekwondo, Sport, Music and Computer Classes, in addition to training courses in partnership with SENAR MG.

In 2022 we have already reached 282 direct beneficiaries in all activities.
