

Nepal Mt Everest Supreme

InterAmerican
COFFEE

Farm Information

Country:	Nepal
Region:	Nuwakot
Farm:	Gauribesi
Farm Size:	75 hectare
Altitude:	900 masl
Owner:	Mr. Ujjal Rana
Washing Station:	At project site
Producer:	Plantec Coffee Estate (P) Ltd.

The farm is situated 75 km north of the capital Kathmandu at the foothills of the Ganesh Himal range beside the Trisuli Snow fed river and was established in 1996 with Caturra seeds. 100% Shade grown and washed coffee. Irrigation and processing takes place via Snow fed (glacier) river Trisuli.

Due to the establishment of our shade grown estate we have encouraged the return of several endangered wild life like leopard, dear civets along with a multitude of both migratory and non – migratory birds (these birds are only found in shade grown areas as the coffee trees being too low for safety the higher trees are selected nestling). It is to be noted that we could be the only Himalayan Snowfed (Glacial) water irrigated and washed coffees.

Coffees

This coffee has a light acidity, soft and smooth body and floral flavors as well as cinnamon, ginger, and citrus.

Floral Cinnamon Ginger Citrus

Processing: washed
